

JOSE MARIA QUETGLAS WILL PRESENT THE COMMUNICATION "THE WAY TOWARDS THE ELITE"

Jose Maria Quetglas will develop to the communication "THE WAY TOWARDS THE ELITE" in the international congress "HORIZONS OF BILLIARDS" that will be developed in Madrid (Spain) the next month of October. Jose Maria Quetglas is the present Technical Director of the Royal Spanish Billiards Federation, enthusiastic student of the sport technification directs the Center of high performance of the Spanish Federation in the Centre of Sport Technification Infant Cristina in the Narejos Murcia, author of three books on the techniques of preparation for the sport high performance enjoys a recognized international prestige.

With respect to the initiative of the international congress **Mr. Quetglas** has declared:

"Personally I would like that this one Congress, meant the approach and union of all the specialists who we are going away here to reunite, towards the consolidation of the criteria of selection and formation of sportsmen, in each one of our countries and federations, with an implantation common, or very similar, of the work methods, investigation and training, considering, personal features and characteristics that they define to us, but with an only and great objective, as it is the formation of our better players, from that crucial age in his human formation and, of course, sport.

*We will have opportunity to know many points of view on the development of **Base Sport and the Elite Sport**, and without doubt, the round tables that form, will be very interesting, the final conclusions will be a good program of work for all, and the communication channels that we are going to establish, will be definitive for the future progress of our sport.
